

The New Jersey Compassionate Use Medical Marijuana Act, signed into law by Governor Jon Corzine on January 18, 2010 and thereafter amended, provides that Medical Marijuana Program (MMP) registration cards for qualifying patients and primary caregivers are valid for two years. N.J.S.A. 24:6I-4. Accordingly, patients and primary caregivers must periodically demonstrate eligibility and re-register for the MMP program.

Patients (and caregivers, if applicable) will be required to upload a new photograph, proof of residency, government photo ID, and proof of applicable government assistance if qualified. The fees for re-registration will be pro-rated for patients who did not have access to medical marijuana during the programs initial operations. For example, if you received a Medical Marijuana Identification Card in October 2012 but did not have access to medical marijuana until October 2013, \$100 will be deducted from your \$200 registration fee. Caregivers who have been previously fingerprinted will not be required to be re-fingerprinted, but they will be required to pay a \$22.00 fee for an updated criminal background investigation.

If you should have any questions regarding this process, please contact the MMP Customer

Service Unit at (609) 292-0424 or email us at: [Medical.Marijuana@doh.state.nj.us](mailto:Medical.Marijuana@doh.state.nj.us).

Thank you
